SUPRAPLUS®

SUPRAPLUS WIDEBAND USB FOR MICROSOFT OFFICE COMMUNICATOR 2007

Wideband Telephony Headset

with Microsoft Office Communicator 2007 Call Control.

Headsets are the key to delivering a high quality Unified Communication solution. As the “last hop” to the user they can significantly improve the user experience and overall system performance with enhanced audio and integrated call control. The SupraPlus Wideband USB headset is optimized to deliver the best audio quality and usability for your Office Communicator 2007 deployment. The SupraPlus Wideband headset with USB adapter provides maximum benefit to your investment in Office Communicator 2007 by providing full wideband audio performance in a flexible, comfortable, over-the-head design. This headset is optimized to support Office Communicator 2007 telephony functions directly from the headset.

- **Business-critical reliability.** SupraPlus Wideband delivers superior all-day, every-day comfort and reliability.
- **Based on the gold standard** for corded professional headsets, The SupraPlus Wideband updates the classic SupraPlus to the new standards of computer telephony.
- **Comfortable lightweight design.** The light flexible cable and comfortable headband design, as well as the bendable noise-canceling microphone boom, work to enhance audio quality and the user experience.

PLANTRONICS SUPRAPLUS®

SUPRAPLUS WIDEBAND USB FOR MICROSOFT OFFICE COMMUNICATOR 2007

Experience full wideband audio for Microsoft® Office Communicator 2007

SupraPlus Wideband takes advantage of the latest wideband VoIP technologies. The extended-boom noise-canceling model features new wideband receivers to deliver improved speech clarity and life-like fidelity—which helps to decrease listening errors, repeats and listener fatigue.

SupraPlus® Key Features and Benefits

- **The gold standard in all-day comfort and reliability.** SupraPlus expands on the classic corded professional headset style and functionality.
- **Improved receive-side audio quality.** A greater receive-side frequency response improves listening intelligibility.
- **Comfortable, lightweight design.** Adjustable headband, foam ear cushions and comfort T-Pad design create a stable, comfortable fit.
- **Bendable click-stop microphone boom.** Stays in position for clearer voice transmission.
- **Small, light, flexible cable.** Designed for durability.
- **Quick call feature.** Headband twists out of the way for convenient quick call pick up.
- **Monaural style** lets you hear the conversation and what's going on around you.
- **Enhanced microphone design.** Wideband models feature an extended boom for improved noise-canceling and echo performance.

The USB adapter works with SupraPlus Wideband models to deliver outstanding audio quality, and reliability.
