Sophisticated
communication
with plain paper
convenience

28-Page Document Memory*1*2

The system can store up to 25 pages in its built-in memory for transmission. Ideal for broadcasting multi-page documents to multiple locations, and for receiving faxes when out of paper up to 28 pages.

Enhanced Copier Function

This fax performs a range of advanced copier functions. This unit allows you to enlarge (200% / 150%), reduce (92% / 86% / 72%), collate (sort), and multi-copy (up to 20 copies).

Navigator Key

The navigator key lets you easily control the volume and ringer level, as well as the phone directory & dialer, and other advanced functions.

Advanced Features

Caller ID Compatibility*3

Thanks to Caller ID compatibility, you can view the name and number of all of your incoming callers on the LCD readout. You can also print the list for your records. It's a great timesaving feature for both business and personal use.

Quick Scan

Spend less time waiting for your documents to scan! This feature rapidly scans a document into memory & then sends the document from memory to the recipient.

Sequential Broadcasting (20 Location)

Broadcasting function allows you to send multiple documents to multiple locations in sequence. Up to 20 stations can be registered for destinations.

Error Correction Mode

The system's ECM checks documents line by line during transmission. If it detects errors caused by line noise, it resends the same line to ensure good quality.

Other Features

- 50-Station Phonebook
- 2-Line LCD for Name & Number Display
- Junk Fax Prohibitor
- Out-of-Paper Reception (28 Pages*2)
- External Telephone Jack
- Multi Copy (20 Pages)
